

Detroit sits on two major migration flyways, the Atlantic and the Mississippi

UP TO A BILLION BIRDS DIE EACH YEAR AFTER COLLIDING WITH WINDOWS AND GLASS

How can you help?

- **Spread awareness**
 - Meet people where they are, we don't know what we don't know
- **Make your own home safe for birds**
 - Reduce artificial light
 - American Bird Conservancy has a product and solution database at abcbirds.org

- **Document and report window strike victims**
 - birdmapper.org
 - dbird.org
 - iNaturalist.org Bird Collision Project
- **Contact City Council**
 - Recent bills in New York and Washington DC require new construction to be bird safe

What if you find an injured bird?

- Gently put the bird in a safe place, do not attempt to feed or give water
- Contact a Licensed Rehabber immediately
 - Bird Center of Michigan
 - Howell Nature Center
